2008 Proposed Special Membership Category Dues Changes**

The Budget & Finance, Membership, and Bylaws & Handbook Committees have reviewed the structure of the special membership categories, which are out of sync with the individual membership dues. When the individual membership category dues were changed two years ago, the special membership categories were not included.

To reestablish the traditional relationship between the categories, the following changes were proposed to the Executive Board at the July 25, 2008 Board Meeting. The Board approved the proposal and it is therefore slated for presentation to the membership for a vote at the Annual Business Meeting on October 2, 2008.

Category	Present Dues	Proposed Dues
Donor	\$100	\$150
Contributing	\$125	\$200
Sustaining	\$175	\$275

Additionally, corporate membership should be changed from an individual to an institutional membership category.

Ray Hall, Treasurer and Budget and Finance Committee Chair
