

**ENDORSEMENT FORM  
To Oppose TABOR**

Our organization opposes the proposed constitutional amendment referred to as the so-called "Taxpayers Bill of Rights" (TABOR) that places an arbitrary cap on local and state spending.

Passage of this amendment would dramatically limit state investment in education, health care, senior services, environmental protection, libraries, economic development activities and many other public services that improve the quality of life for all Missourians.

By signing this endorsement, we agree to work to build a broad-based coalition to defeat the amendment and our name may be used in a list of coalition members and as endorsers of the coalition efforts.

We will make an initial contribution of \$ \_\_\_\_\_ to this effort.
