President Nixon's Watergate Grand Jury Testimony Transcripts

The collection includes 26 recently opened files from the National Archives' Records of the Watergate Special Prosecution Force including transcripts of President Richard Nixon's grand jury testimony of June 23-24, 1975.

Click here to view Nixon Grand Jury Records

In May 1975, the Watergate Special Prosecution Force (WSPF) decided that it was necessary to question former President Richard M. Nixon in connection with various investigations being conducted by the WSPF. Mr. Nixon was questioned over the period of two days, June 23 and June 24, 1975, and the testimony was taken as part of various investigations being conducted by the January 7, 1974, Grand Jury for the District of Columbia (the third Watergate Grand Jury). Chief Judge George Hart signed an order authorizing the sworn deposition of Mr. Nixon be taken at the Coast Guard Station in San Mateo, California with two members of the grand jury present.

The year 2013 marks the 5th anniversary of the start of the financial crisis. In the wake of the most significant financial crisis since the Great Depression, the President signed into law on May 20, 2009, the Fraud Enforcement and Recovery Act of 2009, creating the Financial Crisis Inquiry Commission.

View the Final Report Of The National Commission On The Causes Of The Financial And Economic Crisis In The United States

The Commission was established to examine the causes, domestic and global, of the current financial and economic crisis in the United States. During the course of its investigation, the ten person bipartisan committee reviewed millions of pages of documents, interviewed more than 700 witnesses, and held 19 days of public hearings in New York, Washington, D.C., and communities across the country that were hit hard by the crisis. The final report presents the Commission’s findings and conclusions and also contains 126 pages of dissenting views.
